An Oasis of Well-being

Location

Situated on the south of the Crikvenica Riviera, in the beautiful surrounding of a scenic bay in one of the most picturesque parts of the Adriatic. Selce offers its guests a wide range of facilities regardless of whether you are looking for a dynamic and exciting holiday or a relaxing and quiet family vacation.

History

Selce was once a small fishermen and stonemasons village. A few traces of Roman times are also present. However, it is tourism that has made the place famous. The historical small town and modern tourism facilities live side by side, enriching and complementing each other, which is what makes a stay in Selce so special.

Accommodation

Guests can enjoy the varied offer of larger or smaller hotels with additional amenities (wellness and spa area, swimming pool, etc.), can also be accommodated in family accommodation or spend a holiday in nature in one of the camps.

Atmosphere

In Selce, everything is within easy reach. However, despite the wide range of tourist services and facilities on offer, visitors can still enjoy the pleasant atmosphere of the town and the picturesque bay in which it is located.

Beaches

The clean air and clear sea with an average summer temperature of 23°C, and a swimming season stretching from May to October, are additional reasons to come here. Public beaches, just a bit further along, blend into quiet bays with secluded beaches.

Events

There are many cultural and entertainment events – folk evenings, fish festivals, exhibitions, entertainment programmes and tourist fishing to name just a few. The most interesting are Ethno Selce and Tourism days, that will make your stay in Selce a truly memorable experience.

Recreation

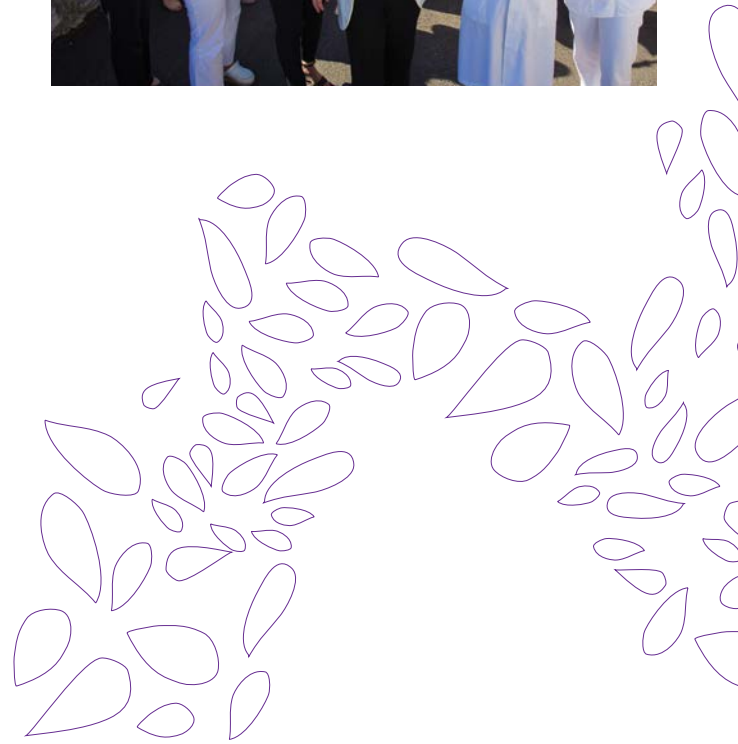

Selce provides many opportunities for recreational sport. In addition to a small harbour, diving centre, sailing and other water sports, there are also tennis courts, mini-golf courses, areas for bocce and other sports, and also a variety of recreational activities in the hinterland of the Crikvenica Riviera.

Health Tourism

Because of its climate and other favourable conditions, Selce is known both as a spa resort and as a health and sports rehabilitation centre visited by leading international athletes as part of their recovery.

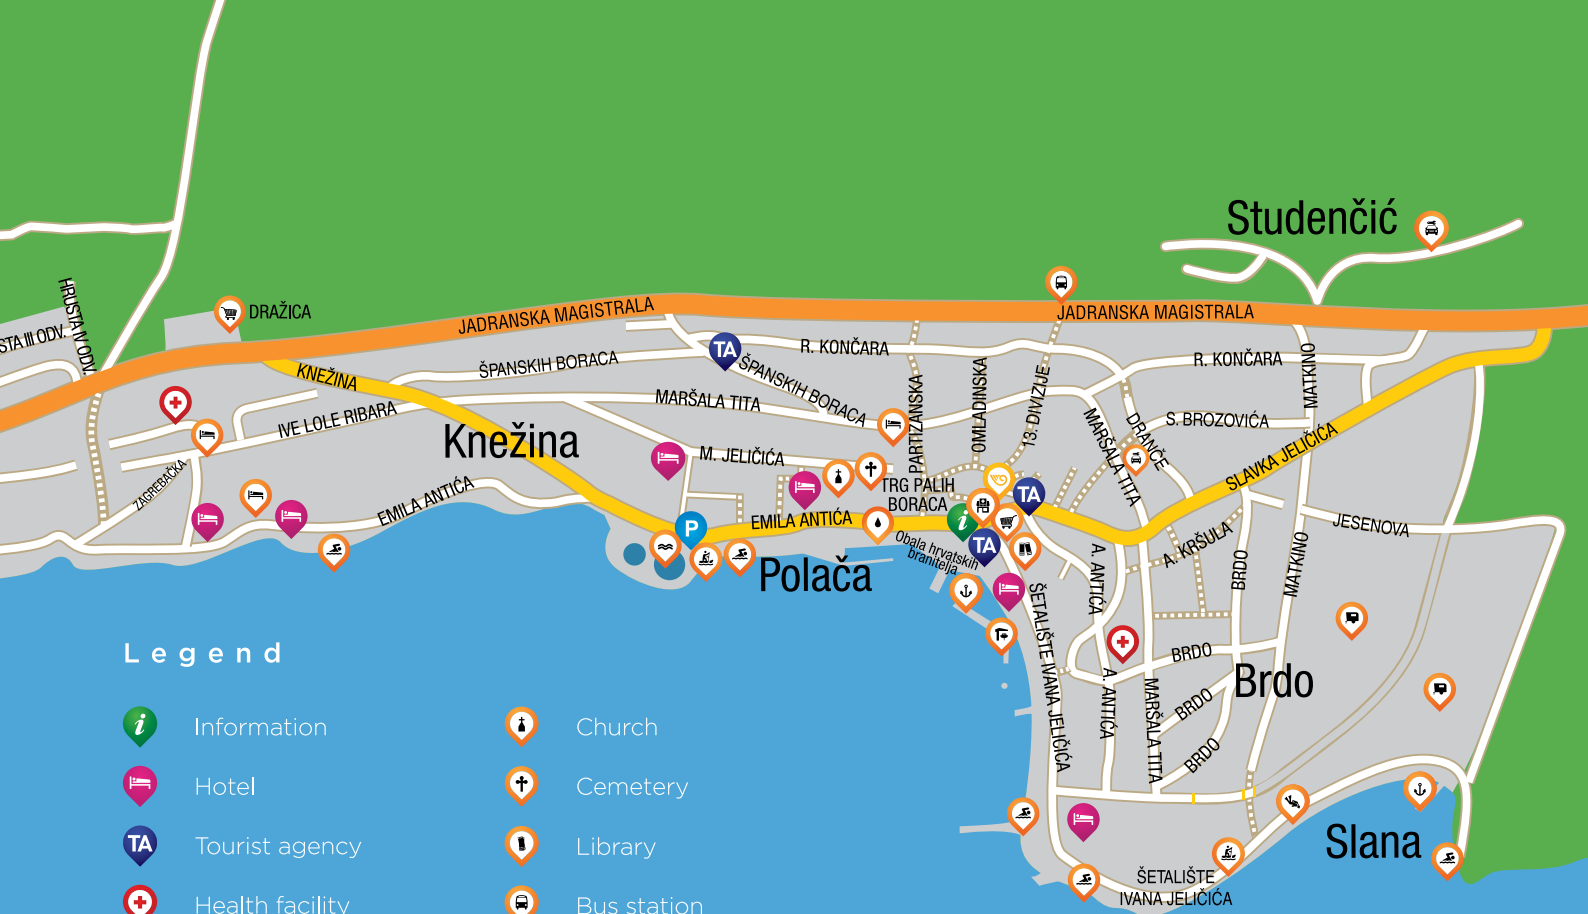

Gastronomie

The restaurants with their interesting cuisine, the charming traditional coastal taverns, and the lively cafés on the waterfront, all of which can be found in the heart of Selce, reveal to us that we are in a place that is dedicated to tourism. Therefore, it is not surprising that besides the features of a small seaside town, guests can expect something else of value: the traditional kindness, warmth and hospitality of the Selce people, together with high quality tourism services that have been recognised for more than a century.
